MEMORANDUM

Jat. Cir

TO:

Joseph A. Bell and David Bellin
Federal District Attorney's Office
Dallas, Texas

FROM:

Edward Bellin

I hope that while you are in Dallas you check Oswald's room at 1025 N. Tuley to determine whether certain calls have needed and, if they were, whether Oswald had any conversations with either Mr. Johnson or Mrs. Roberts. I have been working a woman entitled "Oswald, the Impossible Assassin" by a French author who apparently visited Oswald's room and came quite a point of the need for curtains in that particular room.
